

Guidelines for Preschool Childcare during Women's Bible Study

* Drop off preschool-aged children in the Preschool

1. You may only bring children for whom you have legal custody for childcare.
2. Childcare will be available 15 minutes before Bible study begins.
3. You must pick up your child immediately after Bible study ends.
4. All preschoolers must be signed in at the nursery counter and assigned a pager.
5. A parent or guardian must remain on Central property child your child is in our care.
6. The Preschool Facility is designed to ensure safety and a positive learning atmosphere for all children in our care. If a child misbehaves, they will be separated from the group for a short period of time. No physical punishment will ever be administered. If a child is seriously disobedient or abusive to other children or the teachers, their parents will be contacted and asked to pick up their child.
7. Workers will not give medication of any kind to any children.
8. Conditions that would make it necessary for your child to be cared for at home:
 - Fever in the past 24-hours
 - Common cold
 - Green or yellow runny nose
 - Sore throat or croup
 - An unexpected rash or skin infection
 - Pink eye or any other eye infections
 - Vomiting and/or diarrhea
 - Any symptom of usual childhood diseases

*** If your child arrives with any of these conditions, you will not be permitted to leave your child in the nursery. If any of these conditions develop after being checked in, you will be contacted and asked to pick up your child. Please feel free to ask for clarification of this policy.

Feeding:

1. Please advise the nursery counter of any allergies your child may have. We provide allergy stickers for the protection of your child. Also, please note allergies on the sign in sheet at your child's room.
2. Snacks and water will be offered while your child is in our care. If special snacks are served a notice will be posted on the door of each room. Please advise the teacher and/or nursery director if you do not want your child to have the snack.

*** We do encourage you to send a labeled sippy cup for your child.
3. Please do not bring meals or snacks from home for your child (except for children with allergies). The children are being taught how to share; thus it causes conflicts in the room when you bring food in for your child only.
4. For our younger kids, we ask that bottles be prepared, ready to serve, and fully labeled. We cannot mix your child's bottle; however, we will heat it if you request.
5. No baby food will be fed by the childcare workers during normal nursery hours.
